Features

Portable Small Speaker: Mini computer speaker measures 2.6 x 2.8 x 3.9 inches (LxWxH); weighs approximately 0.76 pounds. Ideal for under the screen or on either sides of the computer, compact size suitable to be carried around. USB-powered (5V), frequency range of 80 Hz - 18 KHz; 6watts of total RMS power (3 watts per speaker) ensure louder sound and lower distortion.

Colorful Breathlight Design: RGB colorful LED light, enhanced rhythm atmosphere. Unique and cute design perfect for any modern homes, offices and workspaces. Note: you can't turn off the light (unless the power is unplugged) or control the color of the light.

Easy to Set Up: Enjoy a hassle-free audio experience with a USB powered supply and 3.5mm audio input, plug and play (no drivers needed); in-line volume control for easily adjusting the volume. Avoid the trouble of charging at any time, the connection is more stable.

Wide Compatibility: It can work with any device that has a standard 3.5mm headphone jack, such as PC s/ laptops / tablets. Great for any multi-media listening experience, music, games, or voice!
